Consent Item:
Board Approval for the Kentucky Education Association’s (KEA) Ethics for Educators and Ethical Use of Technology & Student Confidentiality Trainings.

Commissioner’s Recommendation:
The Education Professional Standards Board (EPSB) should approve the proposed courses as training for educators with cases before the EPSB.

Rationale:
Staff has reviewed the proposed trainings and has found that the courses will address the needs of educators referred for specific training in ethics, professionalism, appropriate student/teacher boundaries, appropriate use of social media, and confidentiality. The proposed ethics training contains a component on appropriate social media usage, to address the recurring issues educators face in an increasingly technology based world. In addition, over the past several years, the EPSB has requested that educators before them take professionalism training with increasing frequency, and if approved, the ethics training would be a more comprehensive option for those educators. The proposed technology training also includes a component on appropriate social media usage as well as on the confidentiality issues that tend to overlap with technology, such as FERPA and HIPPA. Finally, these trainings will be conducted in-person rather than online for a more intensive option.

Action Question:
Should the EPSB approve the Ethics for Educators and Ethical Use of Technology & Student Confidentiality Trainings for individuals with cases before the EPSB?

Applicable Regulation:
KRS 161.028, KRS 161.120, 16 KAR 1:020, 16 KAR 1:030

History/Background:
Existing Policy: Pursuant to KRS 161.120(1), the EPSB may impose probationary or supervisory conditions upon any certificate issued by the EPSB. The EPSB has used this authority to require educators to attend specific training to address the alleged misconduct and prevent further incidents. The EPSB’s Procedures Relating to Action on an Educator’s Certification, includes a Deferral for Training option that allows an educator the opportunity to complete a recommended training and submit written proof to the EPSB for a dismissal of his/her case.

The EPSB currently has seven pre-approved providers offering dozens of trainings; however, the proposed trainings will provide an intensive, in-person training. In addition, these trainings are the first to include discussion of the Model Code of Ethics for Educators (MCEE). The MCEE is an
ethical decision making framework created by a national panel of practicing educators. The MCEE was endorsed by the Board at the February 12, 2018 meeting, for use by school districts and educator preparation providers.

**Summary:** KEA is requesting approval for their in-person Ethics for Educators and Ethical Use of Technology & Student Confidentiality Trainings. Enclosed under separate cover are detailed descriptions, information on the course developers, bibliographies, and the presentations that will be used.

**Budget Impact:** There is no budgetary impact, as educators are responsible for the cost of any training they are required to complete for the EPSB.

Review Item:
16 KAR 9:010, Professional Certificate for Exceptional Work Experience, Amendment

Rationale:
The proposed amendment would allow the Education Professional Standards Board (EPSB) to issue certificates to Exceptional Work Experience candidates for all grade levels.

Applicable Statute or Regulation:
KRS 161.048, 16 KAR 9:010

History/Background:
Existing Policy: KRS 161.048(2) establishes the Exceptional Work Experience alternative route to certification. Through this route an individual with exceptional work experience who has an offer of employment from a school district, can obtain certification if they meet the degree and GPA requirements and have an academic major or a passing score on the academic content assessment. 16 KAR 9:010 sets forth the regulatory requirements for this route to certification, and limits certification through this route to grade levels 9-12.

Summary: The proposed amendment to the regulation would remove the restriction that certification obtained through the Exceptional Work Experience route is limited to grades 9-12. KRS 161.048 does not place such a limitation on the route. In reviewing applications for certification, the EPSB has chosen to waive the grade level restriction and issue middle grades and K-12 certification based on exceptional work experience. The proposed amendment aligns 16 KAR 9:010 with the EPSB’s current practice. The proposed amended regulation is included for review.

Budget Impact: There is no budgetary impact.

(Amendment)

16 KAR 9:010. Professional certificate for exceptional work experience [limited to secondary education].

RELATES TO: KRS 161.028, 161.030, 161.048

STATUTORY AUTHORITY: KRS 161.028, 161.030, 161.048

NECESSITY, FUNCTION, AND CONFORMITY: KRS 161.048 establishes the eligibility requirements for a candidate seeking to participate in an alternative teacher preparation program. This administrative regulation establishes the requirements for issuance and renewal of a professional certificate [for secondary education] based on exceptional work experience.

Section 1. Definitions. (1) "Exceptional work experience" means a person with significant knowledge, [recognized superiority as compared with others in rank, status, and attainment or superior knowledge and] skill, and experience in comparison with the generally accepted standards in the area in which certification is sought.

(2) "Secondary education" means the area in which certification is sought in a subject taught in grades 9—12 in a Kentucky school.

Section 2. Verification of exceptional qualifications of an applicant for certification, in a field of endeavor taught or service practiced in a public school of Kentucky, shall include:
(1) Sufficient documentation that demonstrates to the local school district and the Education Professional Standards Board that an applicant is one who has exceptional work experience as defined in Section 1 of this administrative regulation and has talents and abilities commensurate with the new teacher standards, established in 16 KAR 1:010;

(2) Documentation of achievement may include advanced degrees earned, distinguished employment, evidence of related study or experience, publications, professional awards, achievement, or recognition attained for contributions to an applicant’s field of endeavor; and recommendations from professional associations, former employers, professional colleagues, or any other individual or group whose evaluations shall support exceptional work in the field.

Section 3. Certification Requirements. An eligible candidate who meets the requirements of KRS 161.048(2) and 16 KAR 2:010, Section 3(1), and character and fitness review established in KRS 161.040 shall be issued a certificate, limited to secondary education and valid for one (1) year. Upon successful completion of the Kentucky Teacher Internship Program as established in KRS 161.030(5) to (8), the professional certificate, limited to secondary education, shall be issued and shall be valid for an additional four (4) years.

Section 4. Renewal Requirements. Each five (5) year renewal of the professional certificate identified in Section 3 of this administrative regulation shall meet the renewal requirements established in 16 KAR 4:060.
Review Item:
16 KAR 9:060, The District Training Program for Preparation of Candidates for Initial Teacher Certification, Amendment

Rationale:
The proposed amendment would streamline the requirements of the District Training Program into one regulation and revise the regulation to conform to the statutory requirements of this alternative route to teacher certification. Additionally, updating the regulation would help to raise awareness of this route to certification and make it a more accessible option to districts.

Applicable Statute or Regulation:
KRS 161.048, KRS 161.049, 16 KAR 9:050, 16 KAR 9:060 and 16 KAR 9:070

History/Background:

Existing Policy: KRS 161.048(3) and KRS 161.049 establish the District Training Program as an alternative to the college teacher preparation program as a means of acquiring teacher certification. Per KRS 161.048(3), a local school district or group of districts may seek approval for a training program from the Education Professional Standards Board (EPSB). Candidates must possess a bachelor’s degree or a graduate degree with a minimum cumulative GPA of 2.75 or 3.0 on the last thirty hours of credit, a passing score on the academic content assessment and an offer of employment from a district with an EPSB approved district training program. Upon meeting the participation criteria, candidates will be issued a one-year provisional certificate to complete the district training program. KRS 161.049 sets forth the requirements that the District Training Program contain two hundred fifty hours of formal instruction over three phases led by a professional support team consisting of a school principal, an experienced teacher, a college or university faculty member, and an instructional supervisor. The EPSB has promulgated 16 KAR 9:050, 16 KAR 9:060 and 16 KAR 9:070, to provide the regulatory requirements of this route. This route to certification has only been utilized by the Jefferson County Public Schools, and that program was closed in 2018.

Summary: Staff is proposing an amendment to 16 KAR 9:060 that would streamline the requirements of the District Training Program by placing all applicable requirements in one regulation. The proposed amended regulation contains eleven sections covering: general information, the district plan, candidates, the professional development plan, the professional support team, the district training plan framework, informal observation and critique, formal observation and evaluation, evaluation report of the candidate, the district training program evaluation, and continuance of program approval. The proposed amended regulation is included for review.

Budget Impact: Staff time will be required to provide technical assistance to applicants, review programs, and prepare submissions for EPSB review and/or approval.

STAFF NOTE

Review Item:
16 KAR 9:0__, Notice of Repeal of 16 KAR 9:050 and 9:070

Rationale:
The applicable requirements of 16 KAR 9:050 and 9:070 are being incorporated into the amendments of 16 KAR 9:060. Therefore, 16 KAR 9:050 and 9:070 are no longer necessary and should be repealed.

Applicable Statute or Regulation:
KRS 161.048, KRS 161.049, 16 KAR 9:050, 16 KAR 9:060, 16 KAR 9:070

History/Background:

Existing Policy: KRS 161.048(3) and KRS 161.049 establish the School District Training Program as one of the alternative routes to certification. The Education Professional Standards Board (EPSB) has promulgated 16 KAR 9:050, 16 KAR 9:060 and 16 KAR 9:070, to provide the regulatory requirements of this route.

Summary: Staff has proposed an amendment to 16 KAR 9:060 that would streamline the requirements of the School District Training Program by placing all applicable requirements in one regulation. The amendment for 16 KAR 9:060 is also being presented to the EPSB for review. Therefore, staff has drafted 16 KAR 9:0__ to repeal 16 KAR 9:050 and 9:070. The proposed repealer is included for review.

Budget Impact: There is no budgetary impact.

(Repealer)

16 KAR 9:0__. Repeal of 16 KAR 9:050 and 9:070

RELATES TO: KRS 13A.310

STATUTORY AUTHORITY: KRS 161.020, KRS 161.048, KRS 161.049

NECESSITY, FUNCTION, AND CONFORMITY: KRS 161.020 requires a certificate of legal credentials for any public school position for which a certificate is issued. KRS 161.048 requires the Education Professional Standards Board to promulgate administrative regulations establishing standards and procedures for the alternative certification including the school district training program. KRS 13A.310 allows repeal of administrative regulations if the promulgating body desires. This administrative regulation repeals administrative regulations that are included in the amendments to 16 KAR 9:060.

Section 1. The following administrative regulations are hereby repealed:

(1) 16 KAR 9:050, Alternative training program eligibility requirements for middle school and secondary school teachers; and

(2) 16 KAR 9:070, Kentucky Primary Alternative Certification Program.
Action/Discussion Item: Guidelines for Submitting an Application to Provide an Alternative Route to Certification Institute, Option 7

Commissioner’s Recommendation: The Commissioner recommends approval of the attached draft revised guidelines for Submitting an Application to Provide an Alternative Route to Certification Institute, Option 7.

Rationale:
KRS 161.048(8) outlines the Option 7 Alternative Route to Certification for persons in a field other than education to teach in elementary, middle or secondary programs. This option, however, has been rarely used.

Updated guidelines would (i) clarify who can serve as a provider under Option 7; (ii) assist providers in developing an institute that complies with the statutory requirements and in submitting that program to the EPSB for approval; and (iii) help raise awareness of this route to certification.

Action Question: Should the EPSB approve the draft revised guidelines for Submitting an Application to Provide an Alternative Route to Certification Institute, Option 7?

Applicable Statute or Regulation: KRS 161.048, KRS 161.028

History/Background:

Existing Policy: The original guidelines for the Option 7 Alternative Route to Certification were approved by the EPSB in June 2004, and revised in November 2009. Previously, two universities applied for and earned approval for Option 7 programs. Northern Kentucky University had an approved Option 7 program in world languages (French, German, Spanish, Arabic, Chinese and Japanese) from May 2006 to January 2017. The University of Kentucky had an Option 7 program in Chinese from May 2010 until October 2011. Both programs have been closed by the respective universities.

The Option 7 route to certification allows a person in a field other than education to receive a one-year temporary provisional teaching certificate in elementary, middle school, secondary, grades 5-12, or grades P-12. While both of the previous Option 7 programs were in world
languages, KRS 161.048 does not limit the areas of certification that can be pursued under Option 7.

In the past, the EPSB has limited Option 7 providers to colleges, universities and school districts, including educational cooperatives. Under this limitation, only the two universities applied to offer an Option 7 route.

Summary: At the February 11, 2019 meeting of the EPSB, draft guidelines for Option 7 were presented as an Information Item. Following that meeting, it was determined through further review that the timing of the assessment requirements contained in the guidelines was not aligned with KRS 161.048. KRS 161.048(8) requires that all assessments for admission into a preparation program (CASE/GRE) and the academic content assessments (PRAXIS II) be passed before the issuance of the first temporary provisional certificate. The revised guidelines and flow chart reflect this revision.

In addition, after the February meeting, staff was also approached by a potential Option 7 provider regarding the limitation contained in the draft guidelines that institutes could only be provided by colleges, universities and/or school districts. Upon further review, staff believes the statutes do not limit Option 7 “providers” to colleges, universities, or school districts.

KRS 161.048(8), which outlines Option 7, contains no such limitation, using only the term “providers.” Moreover, under KRS 161.028, the Board’s authorities and responsibilities include “devis[ing] a credentialing system that provides alternative routes to gaining certification and greater flexibility in staffing local schools while maintaining standards for teacher competence;” and “[p]romot[ing] the development of one (1) or more innovative, nontraditional or alternative administrator or teacher preparation programs through public or private colleges or universities, private contractors, the Department of Education, or the Kentucky Commonwealth Virtual University and waive administrative regulations if needed in order to implement the program[.]” KRS 161.028(k), (s). KRS 161.030(10) also provides that “The Education Professional Standards Board shall approve the curricula of any college or university, or of any department thereof, for the training of teachers, and any nontraditional or alternative teacher preparation program offered in a public or private postsecondary education institution, private contractor, or state agency, and shall also approve the curricula of any local district alternative certification program[.]” Thus, in line with this statutory language, the revised guidelines make clear that entities other than colleges, universities, and school districts can provide an Option 7 institute.

Budget Impact: Staff time will be required to provide technical assistance to applicants, review programs, and prepare submissions for EPSB review and/or approval.

Groups Consulted and Brief Summary of Responses:
Option 7 Task Force
Kentucky Association of Colleges of Teacher Education (KACTE)
EPP Leaders

The Option 7 Task Force was instrumental in reviewing the route and many of their recommendations are reflected in the submitted guidelines. KACTE’s Policy Committee submitted recommendations and questions in response to draft guidelines submitted to the EPSB in February. Their main recommendation was that passing of the Admission Requirements pursuant to 16 KAR 5:020 should be completed before candidates begin the required institute. EPP leader comments were captured primarily through representation on the Option 7 Task Force or through KACTE meeting feedback. All three groups reviewed a prior draft of the guidelines that did not open the institutes to all providers.

GUIDELINES FOR SUBMITTING AN APPLICATION TO PROVIDE AN ALTERNATIVE ROUTE TO CERTIFICATION INSTITUTE (OPTION 7)

Approved June 14, 2004
Revised November 9, 2009
Revised ____________

Background
The 2004 Kentucky General Assembly enacted HB 152, amending KRS 161.048 to add an Option 7 Alternative Route to Certification. Through the Option 7 Alternative Route to Certification, educators may earn the following credentials:

ELEMENTARY OR P-12 TEACHER CERTIFICATION: prior to receiving a one-year temporary provisional certificate or during the first year of the certificate, the teacher shall complete the equivalent of a 240-hour institute, based on 6-hour days for 8 weeks.

MIDDLE, SECONDARY OR 5-12 TEACHER CERTIFICATION: prior to receiving a one-year temporary provisional certificate or during the first year of the certificate, the teacher shall complete the equivalent of a 180-hour institute, based on 6-hour days for 6 weeks.

The Option 7 Alternative Route to Certification allows a person in a field other than education to receive a one-year temporary provisional teaching certificate (elementary, middle, secondary, grades 5-12, and/or grades P-12) renewable for a maximum of two years, if he/she has met the following conditions:

1. Holds a bachelor’s degree with a declared academic major in the area in which certification is sought or a graduate degree in a field related to the area in which certification is sought;¹
2. A minimum cumulative grade point average of 2.75 on a four (4) point scale or a minimum grade point average of 3.0 on a four (4) point scale on the last thirty (30) hours of credit completed, including undergraduate and graduate coursework from a nationally or regionally accredited postsecondary institution;
3. Meets all applicable admission criteria outlined in 16 KAR 5:020 for initial certification programs before receiving a temporary provisional certificate.² A candidate who has a terminal degree shall be exempt from passing the required admission assessments.
4. Passes written tests designated by the Education Professional Standards Board (EPSB) for content knowledge in the area of certification, including elementary education and exceptional children areas; and
5. Has completed a 180/240-hour approved institute through an EPSB-approved Option 7 program. A minimum of half the requisite hours shall be completed prior to issuance of the first temporary provisional certificate. The remainder of the hours shall be completed prior to issuance or during the first temporary provisional certificate.

¹ KRS 161.048 (8)(a)(1), requires the candidate to possess a bachelor’s degree with a declared academic major in the area in which certification is sought or a graduate degree in a field related to the area in which certification is sought. For Elementary Education, it would include an academic major in any area for which an elementary teacher has permissions to teach (English, social studies, science, math, music, art, health, P.E.). Similarly, for special education, permissions for that certificate allow a person with that certificate (LBD, MSD, etc.) to teach any content area. Also, their permissions are tied to a specific population; therefore, an academic major in an area of disabilities, etc.
² Must earn a passing score on the Core Academic Skills for Educators (CASE) or Graduate Record Exam (GRE)
**Who may submit an application?**

KRS 161.048 (8) does not contain any limitation on who may provide the elementary, middle, and secondary institutes outlined under Option 7. The statute does provide, however, that the “providers” and the “content of the institute” shall be approved by the EPSB. KRS 161.028 recognizes the Board’s authority to approve “college, university, and school district programs,” as well as nontraditional or alternative programs “through public or private colleges or universities, private contractors, the Department of Education, or the Kentucky Commonwealth Virtual University[.]” KRS 161.028(b), (s). Applicants who are not currently accredited by the EPSB are encouraged to demonstrate partnerships with Institutions of Higher Education (IHEs) accredited by the EPSB and school districts/cooperatives recognized by the Kentucky Department of Education.

**What should be addressed in the application?**

1. Contact information for Educator Preparation Provider (EPP) leader
2. Description of institute (e.g., type of EPP, when offered, methods of delivery, certification areas included)
3. Program Review Contents (submitted in the Kentucky Educator Preparation Review System [KEPRS])
   a. Quality Assurance of institute’s effectiveness and continuous improvement:
      i. identifies what data is collected and when
      ii. identifies how data is analyzed and by whom
   b. Quality Assurance of candidate:
      i. Includes a minimum of three transition points: admission, midpoint, and exit that identify the requirements (criteria and assessments) for successful progression through the entire program
      ii. Requires that candidates attain qualifying scores on the CASE or GRE before issuance of their initial temporary provisional certificate
      iii. Requires that candidates attain qualifying scores on the academic content assessment before issuance of their initial temporary provisional certificate
      iv. Requires that candidates attain qualifying scores on the pedagogy assessment before issuance of the professional certificate
      v. Requires that candidates’ disposition for teaching must be assessed/demonstrated at admission, midpoint, and exit
4. Curriculum, Mentoring, and Assessments, which must:
   a. Demonstrate alignment to the Kentucky Academic Standards in design and assessment of P-12 student knowledge and candidates’ skills and subject matter competency
   b. Include research-based classroom practices, including effective classroom management techniques; knowledge of child/adolescent growth, methodologies for addressing and assessing individual learning differences to meet diverse learning needs of all students, including exceptional children; literacy strategies
   c. Provide consistent and high quality clinical experiences
   d. Define the type of support to be provided by the EPP during the institute, as well as induction (mentoring support) of the new teacher candidate; the EPP must provide continuous mentoring support to the candidate throughout the entire program, including a minimum of 18 hours per semester
   e. Align to the Kentucky Teacher Standards in 16 KAR 1:010 and the Professional Code of Ethics for Kentucky Certified School Personnel
   f. Establish effective educational partnerships (i.e., among State Education Agencies, Local Educational Agencies, and IHEs)
   g. Include a Memorandum of Agreement or Understanding demonstrating the agreement between the partners involved in the Option 7 program

Action/Discussion Item:  
2020-2022 Biennial Budget Request

Commissioner’s Recommendation:  
The Commissioner recommends approval of the 2020-2022 Biennial Budget Request for the Education Professional Standards Board (EPSB).

Rationale:  
The proposed budget request would cover the expenses for EPSB meetings during the next biennium, allowing the EPSB to continue to meet and carry out its statutory responsibilities.

Action Question:  
Should the EPSB approve the 2020-2022 Biennial Budget Request?

Applicable Statute or Regulation:  
KRS 161.028 (1)(p), 161.017 (1)(e)

History/Background:  
Existing Policy: Pursuant to KRS 161.017(1)(e) and Executive Order 2019-464, a proposed biennial budget shall be presented to the EPSB for review and approval. The 2020-2022 Biennial Budget Request is due to the Governor’s Office in November 2019.

Summary: By Executive Order, the EPSB is attached to the Kentucky Department of Education (KDE) for administrative purposes. Staff for the EPSB is provided by KDE’s Office of Educator Licensure and Effectiveness. Therefore, the expenses associated with staffing and the day to day functions of the EPSB are included in KDE’s biennial budget request. The EPSB has a budget to conduct board meetings. That budget makes up the EPSB’s 2020-2022 Biennial Budget Request and will be distributed to EPSB members for review.

Budget Impact: While there is no impact to EPSB’s current budget, the final budget will be submitted to the Governor for inclusion in the 2020-2022 Executive Branch Budget Request. During the 2020 Legislative Session, the Kentucky General Assembly will enact a budget that will establish funding for the next biennium.

October 28, 2019 Meeting

Commissioner of Education

Date:
October 28, 2019
Action/Discussion Item:
Request for SARA approval of Liberty University’s initial graduate and advanced programs as submitted.

Commissioner’s Recommendation:
The Commissioner recommends SARA approval of Liberty University’s initial graduate and advanced programs as submitted.

Rationale:
Liberty University has met the EPSB’s requirements under the State Authorization Reciprocity Agreement (SARA) for program approval. Those requirements include: state, regional and CAEP accreditation; demonstration that the programs of preparation are not based solely upon the completion of a written or verbal assessment; compliance with the program admission requirements established in 16 KAR 5:020. Initial programs must also demonstrate compliance with 16 KAR 5:040 as it relates to the admission, placement and supervision of teacher educator candidates in student teaching, subject to the field experience limitations set forth under SARA. Advanced teacher programs of preparation must reflect alignment with the Teacher Leader Model Standards established in 16 KAR 1:016.

Action Question:
Should the EPSB approve the initial graduate and advanced programs submitted by Liberty University?

Applicable Statute or Regulation:
KRS 161.028, KRS 161.030, 16 KAR 2:010, 16 KAR 2:040, 16 KAR 2:110, 16 KAR 4:020, 16 KAR 5:020, 16 KAR 5:040, 16 KAR 5:050, 16 KAR 8:010, 16 KAR 8:020

History/Background:
Existing Policy: Beginning December 1, 2016, Kentucky became a member of SARA. This agreement among member states, districts and territories establishes comparable national standards for interstate offering of postsecondary distance education courses and programs. It is intended to make it easier for students to take online courses offered by postsecondary institutions based in another state. SARA is overseen by a National Council and is administered by four regional education compacts (i.e., SREB). In order for the Board to approve educator preparation programs that are NC-SARA members, located out-of-state and offered exclusively online, the educator preparation program has to demonstrate compliance with the applicable Kentucky requirements.

Summary: Liberty University’s School Counselor program was previously approved. Liberty University is now requesting approval for the following programs:
Initial Graduate Programs (Master of Arts in Teaching):

Elementary P-5
Middle School 5-9: English, Math
Grades P-12: Art, English as a Second Language, Health, Instrumental Music, Learning and Behavior Disorders, Physical Education, Spanish, Theater, Vocal Music
Grades 5-12: Business and Marketing, Family and Consumer Sciences

Request for SARA approval of Marshall University’s School Psychology (Rank I) Program

Commissioner’s Recommendation:
The Commissioner recommends SARA approval of Marshall University’s School Psychology program.

Rationale:
Marshall University has met EPSB’s requirements under the State Authorization Reciprocity Agreement (SARA) for program approval. Those requirements include: state, regional and CAEP accreditation; demonstration that the program of preparation is not based solely upon the completion of a written or verbal assessment; and, compliance with the program admission requirements established in 16 KAR 5:020. School psychology programs must also reflect compliance with 16 KAR 2:090.

Action Question:
Should the EPSB approve the School Psychology program submitted by Marshall University?

Applicable Statute or Regulation:
KRS 161.028, KRS 161.030, 16 KAR 2:010, 16 KAR 5:020, 16 KAR 5:040, 16 KAR 8:010, 16 KAR 2:090

History/Background:
Existing Policy: Beginning December 1, 2016, Kentucky became a member of SARA. This agreement among member states, districts and territories establishes comparable national standards for interstate offering of postsecondary distance education courses and programs. It is intended to make it easier for students to take online courses offered by postsecondary institutions based in another state. SARA is overseen by a National Council and is administered by four regional education compacts (i.e, SREB). In order for the Board to approve educator preparation programs that are NC-SARA members, located out-of-state and offered exclusively online, the educator preparation program has to demonstrate compliance with the applicable Kentucky requirements.

Summary: Marshall University’s is requesting approval for their School Psychology program. Marshall University was granted NASP Approval – Full, National Recognition in February, 2018 and CAEP accredited in April 2019. As evidenced by the application, Marshall University is recognized to grant degrees by the West Virginia Board of Education. Successful program completion includes the following: successful completion of all coursework on the Degree Completion Plan, minimum 2.75 GPA requirement, passing scores on Kentucky certification assessments, Kentucky field experience requirements, disposition checks, and a portfolio which consists of multiple assignments, videos, photographs, licensure test reports, training certificates,
unit plan, lesson plans, student work samples, and resume. Candidates seeking Kentucky certification will review The Professional Code of Ethics for Kentucky School Certified Personnel. Candidates are assessed on the following dispositions: social responsibility, commitment, reflection, integrity, and professionalism. Candidates also complete a one year internship.
