Developing EPP Clinical Measures with State Agencies

On November 13, 2015, the Kentucky Education Professional Standards Board, the Kentucky Center for Education and Workforce Statistics, and the Kentucky Association of Colleges for Teacher Education will come together with the objective of creating common clinical measures used by most educator preparation programs (EPP). Processes for testing the validity, reliability, and fairness of measures and instruments will be developed and maintained. Further, training modules for use and scoring of instruments will be developed for clinical educators. This process creates the ability for EPPs to make comparisons using aggregate data and develop benchmark performances.

REL Central Webinar-Reporting on Teacher Preparation Program Performance: A Look at State Approaches

Terry Hibpshman and Kim Walters-Parker recently presented information from Kentucky concerning changes as to how data is reported and shared in efforts to evaluate and continually improve teacher preparation programs. The event was designed to help attendees understand issues related to the reporting and use of teacher preparation program evaluation results. You can find the webinar slides and recording here: https://www.relcentral.org/news-and-events/reporting-on-teacher-preparation-program-performance-a-look-at-state-approaches/.

New Teacher Survey

Instructions for completing the Fall 2015 New Teacher Survey will be emailed to all student teachers, cooperating teachers and principals with student teachers in November. The deadline for completion is December 1, 2015. Please encourage your district to participate in this important survey. Survey results and feedback will be shared with educator preparation programs at Kentucky colleges and universities as they work to improve their programs.

For assistance or questions regarding the New Teacher Survey, please contact Bobbie.Biby@ky.gov or Donna.Brockman@ky.gov.

Kentucky Teacher Internship Program (KTIP)

To ensure new teachers are provided the opportunity to complete KTIP during the first-year, budget bill language has once again allowed for reducing out-of-class hours to 40 mentoring hours for 2015-2016. Fall Resource Teacher Time Sheets are due by December 20, 2015.

KTIP Committee Cycle

All full-year RTIYs must indicate observations and committee meetings in accordance with the following protocol:

- The orientation meeting shall be held prior to conducting any formal classroom observations of the teacher intern;
- The classroom observations by all committee members shall occur prior to the corresponding committee meeting;
- The classroom observations and second committee meeting (Cycle 1) shall be held between one
 (1) and sixty (60) instructional days following the orientation meeting;
- The classroom observations and third committee meeting (Cycle 2) shall be held between sixtyone (61) and 110 instructional days **following the orientation meeting**; and

KDE Seeking More Individuals to Serve on Teacher Tribunals

The Kentucky Department of Education (KDE) is seeking additional educators and non-educators interested in serving on teacher tribunals. Under KRS 161.790, before a teacher is fired or suspended by a local school district, the teacher has the right to appeal the decision and have the case heard by a tribunal. Each tribunal consists of a retired or current public school teacher, a retired or current public school certified administrator, and a layperson – none of whom can live in the school district from which the appeal was made. The hearing is overseen by a hearing officer from the Office of the Attorney General. READ MORE

NBCT Applicants May Qualify for Reimbursement

The Kentucky Network to Transform Teaching (KYNT3) is offering financial assistance to teachers pursuing National Board certification who are from schools without National Board Certified Teachers.

To help achieve the goal outlined in a Kentucky statute of having one National Board Certified Teacher in every Kentucky school by 2020, KYNT3 will reimburse qualified candidates for up to \$275 in out-of-pocket expenses after the submission of one NBCT component for as long as grant funding allows and in the order applications are received.

Combatting Inappropriate Student-Teacher Relationship Task Force

The Combating Inappropriate Student-Teacher Relationships Task Force will hold its first meeting on Tuesday, November 17, 2015, at 10:00 AM EST at the EPSB Offices. The task force will convene key stakeholders with the purpose of reviewing current practices and policies relating to inappropriate student-teacher relationships and making recommendations to combat such relationships.

Online Educator Complaint System

The Online Educator Complaint System, which is part of the EPSB Strategic Plan, is up and running. It will assist the expediting of work within our Division of Legal Services. Superintendents now have access to the system and have the ability to assign a person within the district (e.g., a human resource director) to be her/his designee to submit items. We ask that you start using this system to report educator misconduct. When a report is submitted, the person filing the report receives a confirmation email. Access to the system is through the EPSB web login.
